Final Office Action

Claim Rejections - 35 USC § 101

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
2. Claims 9-11 are rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter. As amended claim 9 merely recites non-functional descriptive material. As written claim 9 is merely an arrangement of data. It is non-functional because the arrangement of data (diagnostic message) doesn't make the computer function/behave in any manner. An equivalent to claim 9 would be music stored on a CD that is then played on the computer. The MPEP is clear on this subject and the Examiner refers the Applicant to the MPEP: chapter 2106, section IV, B., 1.

Nonstatutory Subject Matter for further guidance. The Examiner suggests canceling claims 9-11 or amending them to include the features of the other independent claims, which give the arrangement of data (diagnostic message) functionality.

Allowable Subject Matter

3. Claims 1, 3-5, 7, 8, 12, 14, and 15 are allowed.

Conclusion

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within

Art Unit: 2113

TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
